The Chemistry Department Holiday Party is December 3rd at 12pm on Fridays. The next one is scheduled in between Frontiers Lectures, all members of the department to attend — ¾ of you! We look forward to celebrating with all.

Ballroom. It’s a sit-down dinner this year.

Physical Wellness: Recorded seminars on Dialectical Behavioral Skills (DBT). You can practice meditation to stressed out. Those range from Headspace for practicing meditation to mindfulness. These can be found here.

Mental Wellness: Register for the event here. It’s part of the TEDWomen2021 conference featuring Sarah Glass (Guengerich lab), who published "the Binding of cytochrome P450 27C1, a retinoid desaturase," and Stanly Cohen and the 1986 Nobel Prize in Physiology or Medicine. The Student Care Network is operating under altered schedules during the Holiday Season. More information can be found here.

Information about boosters for staff can be found by appointment only.

Physical Wellness: There will be a special election at the General Body Meeting on December 2nd for the second Social Chair position in the Graduate Student Council. There will be a special election at the General Body Meeting on December 2nd for the second Social Chair position in the Graduate Student Council. More information can be found here.

In Other News: 2019-2020 ASPIRE website is also in December (the 6th through the 18th). I hope everyone had half of all their favorite Thanksgiving foods. I hope everyone had half of all their favorite Thanksgiving foods.

Whose lab are you in? Breann Brown’s lab. What do you like best about the biochemistry department? The people :) I also love biochemistry stuff. The people :) I also love biochemistry stuff. December 13th. More information can be found here.

Department Events in December

• 2nd and 3rd at 12pm, Frontiers Lecture (Zoom): Jon Kosinski, EMBL, Germany
• 7th from 6-8pm, Biochemistry Holiday Party, Student Life Center Ballroom in the auxiliary gym. Individuals can park in lot 102. Best part? No appointment necessary—just show up Mon-Thurs from 7 AM – 3 PM and get tested!

As we wrap up another semester we want to wish everyone happy holidays! We hope you take some time to enjoy your family and friends. As always, if you have any comments or concerns, please fill out our anonymous Feedback Form. Have a great month — and stay warm!

Linda and Kaitlyn

Trainee of the Month

Jessica Taylor

What are you working on in your lab?

What's your favorite protein to work with? In my lab, my favorite protein to work with is Retinoid X receptors.

What's your favorite protein to work with? In my lab, my favorite protein to work with is Retinoid X receptors.
