Research Assistant Professor of Neuroscience

Posting Department: Neuroscience

Posted Date: 02/08/2017

Expire Date: 02/08/2019

[Apply for this position](#)

The Department of Neuroscience at the Perelman School of Medicine at the University of Pennsylvania seeks candidates for an Assistant Professor position in the non-tenure research track. The successful applicant will have experience in the field of sleep/circadian biology with a focus on stress or neuro-immune mechanisms. Responsibilities include development of a research program.

Special attention will be given to those who have a minimum of 10 years' experience, developed innovative approaches to behavioral genetics, and demonstrated an ability to obtain extramural funding. Applicants must have an M.D. and/or Ph.D degree and have demonstrated excellent qualifications in research.

The Department of Neuroscience is located within a vibrant environment on the U Penn campus. The Mahoney Institute for Neurosciences (MINS) includes more than 100 labs, spanning the breadth of the neurosciences, brought together to foster collaborative and multi-disciplinary approaches to advance our understanding of the brain.

We seek candidates who embrace and reflect diversity in the broadest sense.

The University of Pennsylvania is an EOE. Minorities/Women/Individuals with disabilities/Protected Veterans are encouraged to apply.

Apply for this position online at: https://www.med.upenn.edu/apps/faculty_ad/index.php/g/d4602
