ANNOUNCEMENTS

The Spring 2017 Management and Business Principles for Scientist module is now accepting applications. The free, short-course sponsored by the BRET Office of Career Development and the ASPIRE program will be offered in the spring, with classes held on Friday mornings. Class size is limited to 20 graduate students and postdoctoral fellows. Deadline to apply in November 15.
The Vanderbilt Center for Teaching's BOLD Fellows Program is now accepting applications for 2017. STEM faculty members partner with grad students to design materials for a course.

Join Life Science Tennessee for Beer and Biotech at Craft Brewed on November 15.

Learn more about Vanderbilt's Master of Public Health program during their informational sessions on November 15 and 30.

"Collaborative and Career Opportunities with the FDA" will be held on Friday, November 18.

On December 2, the BEST Consortium is hosting an interactive webinar on Industry Careers and Postdocs with Novartis Institutes for BioMedical Research.

Check out the live and free webinar on December 3 about learning how to become a Medical Science Liaison.

Young Scientist Seminars via iBiology is a video series that features young scientists giving talks about their research and discoveries.

Management consulting firm BCG will provide Virtual Case Experience Sessions on November 16 and January 18.

CIRTL is provided a Writing a Teaching Philosophy Statement workshop this fall to learn how to develop your own teaching philosophy in a way that can strengthen your instructional approaches.

The Burroughs Wellcome Fund Postdoctoral Enrichment Program (PDEP) provides a total of $60,000 over three years to support the career development activities for underrepresented minority postdoctoral fellows in a degree-granting institution whose training and professional development are guided by mentors committed to helping them advance to stellar careers in biomedical or medical research.
