VANDERBILT ⱅ UNIVERSITY
MEDICAL CENTER

Center for Quantitative Sciences

2022 Summer Institute

Four great online courses,
each one week long.

Sharpen your quantitative research
skills and deepen your understanding
of biostatistics and statistical computing.

Sign up by July 25 for the courses that
start on August 1. Early bird discount
in effect through June 19.

Big Data in Biomedical Research
August 1–5
9 a.m.–noon (CT)
Instructors: Yu Shyr and Qi Liu

Introduction to Causal Inference
August 1–5
1–4 p.m. (CT)
Instructor: Andrew Spieker

Regression and Modeling in R
August 8–12
9 a.m.–noon (CT)
Instructor: Fei Ye

Shyr   *Liu*   *Spieker*   *Ye*

Xu   *Sheng*   *Zhao*   *Sharber*   *Bick*

Cloud Computing and Case Studies in Biomedical Data Science
August 8–12
1–4 p.m. (CT)
Instructors: Yaomin Xu, Quanhu Sheng, Shilin Zhao, Brian Sharber, and Alex Bick
