| **Time Scheduling Conflict error** | Problem: You are registering for more than one class in a given month. This commonly occurs when trying to enroll in more than one class in the same section (e.g. RAD-5610-02 & EM-5950-02).  

Solution: Each of your monthly registrations should have a unique section number. *NOTE*Does not apply to sections of FHD. |
| **Multiple Enrollment error** | Problem: You are attempting to register for more than one month of a course that can only be completed once (e.g. EM-5950-01 & EM-5950-04).  

Solution: Only register for one section of a course at a time. |
| **Full Class error** | Problem: You are attempting to register for a class that no longer has open seats available.  

Solution: Choose an alternative section with space available or elect to join the waitlist of the full section. |
| **Department/Instructor Consent error** | Problem: You are attempting to register for a class that requires special consent and a manual enrollment.  

Solution: Contact the School of Medicine Enrollment Services office (303 Light Hall) regarding enrollment in this type of class. |
| **Last Date to Enroll error** | Problem: You are attempting to register beyond the deadline for the class section.  

Solution: Register for a course section that occurs later in the term. Deadline dates for each section are available on the academic calendar portion of the Enrollment Services website. |
| **No Valid Appointment Found error** | Problem: You are attempting to register for a course that requires an appointment window.  

Solution: You are trying to register outside of the approved date range or are trying to register for an FMK or FCC-level course. |
