About Dr. J. William Hillman

Dr. J. William Hillman was born in Dante, Virginia, on January 9, 1921. He graduated from the Johns Hopkins School of Medicine, where he also completed an internship in general surgery under Dr. Alfred Blalock. After two years in the U.S. Navy Medical Corps, he returned to Johns Hopkins for his other surgical residency, 1949-51, under Dr. Robert W. Johnson. Jr. Following his residency, Dr. Hillman became the first full-time Instructor in Orthopaedic Surgery at Johns Hopkins. In 1952, he was appointed Assistant Professor of Orthopaedic Surgery at Vanderbilt Medical School. Dr. Hillman possessed an enormous capacity for work, and within six years became Professor and Head of Orthopaedics, then a section of General Surgery. By 1962 he had succeeded in convincing the Dean to establish an autonomous Department of Orthopaedics and Rehabilitation. He served as the Department’s first Chairman until his death on March 6, 1970, at age 49.

Dr. Hillman’s research interests encompassed a broad spectrum, including epiphyseal growth factors, perimetry in the assessment of scoliosis, the surgical management of cerebral palsy, hormone therapy for S.C.F.E., and the pathogenesis of fat embolism. He was a member of the American Orthopaedic Association, the American Board of Orthopaedic Surgery’s Board of Directors, the Executive Committee of the American Academy of Orthopaedic Surgeons, and the AMA Residency Review Committee. In addition, he was Associate Editor of the Journal of Bone and Joint Surgery and President of the American Academy for Cerebral Palsy. His public service activities included establishment of an orthopaedic rehabilitation clinic in Nome, Alaska. In 1975, the Department of Orthopaedics & Rehabilitation established the Hillman Lectureship in Orthopaedic Surgery as a tribute to this great man.

CME Information

PURPOSE
This conference provides the most up-to-date information for the assessment and treatment of various orthopaedic conditions.

LEARNING OBJECTIVES
After participating in this CME activity, participants should be able to describe and discuss:

- Current evaluation of ACL injuries, operative and non-operative management, complications following ACL reconstruction surgery, revision ACL surgery and indications
- Current evaluation of rotator cuff injuries, operative and non-operative management, complications following rotator cuff reconstruction surgery, revision rotator cuff surgery and indications and treatment with hemarthrosis and TSA
- Orthopaedic Surgery Milestones and how they are used to assess competency and resident progress

TARGET AUDIENCE
Orthopaedic Surgeons, and primary-care physicians, plastic and general surgeons, nurses, athletic trainers, physical and occupational therapists, residents and fellows.

ACCREDITATION & CREDIT DESIGNATION
Vanderbilt University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Vanderbilt University School of Medicine designates this live activity for a maximum of 11.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

REGISTRATION FEES & CANCELLATION POLICY
If you must cancel your registration for this course, Vanderbilt Orthopaedic Institute will refund your registration fees, less a 10% administrative fee provided you notify us by 15 days before the event. No refunds will be made after that date.

In the event of cancellation or rescheduling of this CME activity due to unforeseen circumstances, Vanderbilt University will refund registration fees in full.

Vanderbilt University is not responsible for non-transferable, non-refundable airline tickets or hotel accommodations purchased in connection with attendance at this CME activity.

LOCATIONS
May 8th, 2014 - Johnny Cash Museum
May 9th, 2014 - Music City Center
May 10th, 2014 - VCU, 14 S 15 Ave South, Medical Center East 8th Floor Rooms 808 & 809, Country Music Hall of Fame

Guest Lecturer

Rick Wright, M.D.
Dr. Asa C. & Mrs. Dorothy W. Jones Professor of Orthopaedic Surgery
Washington University School of Medicine
Head Team Physician for the St. Louis Blues
Team Physician for the St. Louis Rams and Blues Hockey

Sponsored by:
Vanderbilt University School of Medicine
Vanderbilt Orthopaedic Institute
Rick Wright, M.D.

Dr. Asa C. & Mrs. Dorothy W. Jones
Paige O'Durs.-Orthopaedic Surgery
Residency Director
Co-Head Sports Medicine
Washington University Department of Orthopaedics
Head Team Physician for the St. Louis Blues
Tal Team Physician for the St. Louis Rams and Blues Hockey

Dr. Wright earned his medical degree from the University of Missouri-Columbia, and followed with a residency in Orthopedic Surgery from Vanderbilt University Medical Center. He is fellowship trained in sports medicine from the Minneapolis Sports Medicine Center, where he participated in the care of professional and collegiate teams. Dr. Wright has a strong interest in athletic team coverage and serves as the head team physician for the St. Louis Blues, and team physician for the St. Louis Rams.

Dr. Wright’s practice centers on the evaluation and treatment of sports and related injuries, with emphasis on the use of arthroscopy in treating problems involving the knee, shoulder, foot, and ankle. He has special interests in knee ACL and revision ACL injuries, meniscus injuries, articular cartilage injuries of the knee and shoulder instability and rotator cuff disease. Dr. Wright also performs primary total knee replacements.

His research interests include knee ligament healing and clinical problems involving the shoulder. He is a founding member of MOON (Multi-center Orthopaedic Outcomes Network) a multi-center sports medicine group studying knee ACL injuries and shoulder injuries with a prospective database. He is a member of ROCK (Osteochondritis Dissecans Study Group). He is principal investigator and Washington University is the coordinating center for MARS (Multi-center ACL Revision Study).

Schedule of Events

Friday, May 9, 2014

6:30 a.m. – 7:14 a.m. Continental Breakfast
7:15 a.m. – 7:30 a.m. Drs. Schwartz and Holt

Welcome and Introduction

7:30 a.m. – 8:00 a.m. Rick Wright, M.D.
Multimarker Outcomes – Rotator Cuff

8:10 a.m. – 9:00 a.m. John Kuhn, M.D.
Updates on Shoulder Surgery

9:00 a.m. – 9:10 a.m. Panel Discussion

John Kuhn, M.D. – Scott Arthur, M.D. – Charlie Cai, M.D.

9:10 a.m. – 9:45 a.m. Gregory Pollowski, M.D.
The Young Athlete Hip

9:45 a.m. – 10:00 a.m. Panel Discussion

Gregory Pollowski, M.D. – Jonathan Schoenecker, M.D. – Colin Looney, M.D.

10:00 a.m. – 10:15 a.m. Break

Rick Wright, M.D.

ACL Reconstruction – Updates on Primary and Revision Surgery

10:45 a.m. – 11:00 a.m. Panel Discussion

David Moore, M.D., Elin Ortho – Christian Anderson, M.D., TOA
Colin Looney, M.D. – Scott Arthur, M.D.

11:10 a.m. – 11:45 a.m. Clinton Devin, M.D.
Spine Injuries in the Athlete

11:45 a.m. – 12:00 p.m. Panel Discussion

Chris Glattes, M.D. – Gray Stahlman, M.D. – Colin Crosby, M.D.

12:00 p.m. – 1:00 p.m. Lunch

1:10 p.m. – 1:30 p.m. A. Brian Thomson, M.D.
Foot/Akle Injuries in Athletes

1:40 p.m. – 2:00 p.m. Alex Diamond, M.D.
Carcinomas in Athletes

2:10 p.m. – 2:45 p.m. Gregory Pollowski, M.D.
Total Joint Arthroplasty in the Young Patient

2:45 p.m. – 3:00 p.m. Panel Discussion

Will Kurtz, M.D. – Michael Chrinite, M.D.
Cory Calendine, M.D. – Phil Karpos, M.D.

3:00 p.m. – 3:15 p.m. Break

3:15 p.m. – 4:10 p.m. Robert Magnuson, M.D.
Updates in Sports Medicine

Saturday, May 10, 2014

6:30 a.m. – 7:30 a.m. Continental Breakfast
7:30 a.m. – 7:35 a.m. Welcome

7:45 a.m. – 7:55 a.m. PEL

8:00 a.m. – 8:10 a.m. Samuel Crosby, M.D.
Pediatric Femur Fractures – A Retrospective Review of Young Patients and State of the Art Treatment

8:15 a.m. – 8:25 a.m. Brandon Devers, M.D.
Outcomes of Hook of the Hamate Fracture Excision in High Level Amateur Athletes

8:30 a.m. – 8:40 a.m. Megan Mugmens, M.D.
Update on Pediatric Musculoskeletal Infection

8:45 a.m. – 8:55 a.m. Brett Raynor, M.D.
Utility of Features of the Patient’s History in the Diagnosis of Atrophicn Shoulder Pain. A Systematic Review

8:55 a.m. – 9:00 a.m. Discussion

9:10 a.m. – 9:20 a.m. Rick Wright, M.D.
Evidence Based Sports Medicine

9:30 a.m. – 9:40 a.m. Ginger Holt, M.D.
Resident Education, Orthopaedic Surgery Milestones, and the Orthopedic Surgery Resident Education Council

9:45 a.m. – 10:00 a.m. Panel Discussion

Phil Karpos, M.D. – Cory Calendine, M.D.
Will Kurtz, M.D. – Thomas Braburry, M.D.

10:00 a.m. – 10:15 a.m. Break

10:15 a.m. – 11:15 a.m. Ginger Holt, M.D.
Evidence Based Sports Medicine

11:30 a.m. – 11:45 a.m. Rick Wright, M.D.
Evidence Based Sports Medicine

11:45 a.m. – 12:00 p.m. Panel Discussion

Chris Glattes, M.D. – Gray Stahlman, M.D. – Colin Crosby, M.D.

12:00 p.m. – 1:00 p.m. Lunch

1:10 p.m. – 1:30 p.m. A. Brian Thomson, M.D.
Foot/Akle Injuries in Athletes

1:40 p.m. – 2:00 p.m. Alex Diamond, M.D.
Carcinomas in Athletes

2:10 p.m. – 2:45 p.m. Gregory Pollowski, M.D.
Total Joint Arthroplasty in the Young Patient

2:45 p.m. – 3:00 p.m. Panel Discussion

Will Kurtz, M.D. – Michael Chrinite, M.D.
Cory Calendine, M.D. – Phil Karpos, M.D.

3:00 p.m. – 3:15 p.m. Break

3:15 p.m. – 4:10 p.m. Robert Magnuson, M.D.
Updates in Sports Medicine
