INTERNSHIP CORNER

Check out the new BRET-curated [Internships Outside of ASPIRE](#) list!

In addition to the ASPIRE Internship Opportunities that are identified and managed by our program, there are many other ongoing opportunities outside of ASPIRE that graduate students and postdocs may want to consider. Use this file to identify exciting programs in all career areas including consulting, pharma/biotech, policy, government research, and non-profits, among others. If you find something that interests you, please let us know and the ASPIRE Program can help you with details and logistics.

Featured *Internships Outside of ASPIRE* (see the [link](#) for a full list and more details):

- **Takeda** (Deadline varies, usually end of April): Opportunities are currently available to graduate students for their paid summer internship program. See the BRET-curated *Internships Outside of ASPIRE* list for more information on this and many other similar programs.
- **Jumpstart Foundry** (deadline varies, open now) Nashville's only healthcare innovation fund is seeking individuals interested in entrepreneurship to serve as full time paid interns in Program Operations, Growth Marketing, and Leadership & Talent to help support their 20 healthcare start-ups this summer.
- **White House Office of Science and Technology Policy (Washington D.C.)** (Deadline June 28, 2016) Spring term (90 days); Graduate students can work closely with senior White

House officials and science and technology policy analysts in OSTP's topic-based divisions: Communications, Technology, Science, National Security etc...

- **BARD College Citizen Science Program** (deadline April 25, 2016): Bard College's initiative in scientific literacy education, is seeking instructors for January 8-25, 2017, to introduce freshman to scientific thinking, through a focus on infectious disease. Required training June 23-28, 2016. All expenses paid.
